LinkedIn: https://www.linkedin.com/in/saksham-khandelwal-80022b322/

Second-year Computer Science student with strong foundations in data structures, algorithms, and software development. Experienced in building full-stack applications and AI-based systems using React.js, Node.js, and Python. Actively improving problem-solving skills through competitive coding and technical projects.

Education

B.Tech, Computer Science & Engineering 2024-28
VIT-AP, CGPA – 9.06/10 (Till 3rd Sem)

12th (Senior Secondary Examination)
Sri Chaitanya Techno School (2024)
CBSE Board, 87%

10th (Secondary Examination)
Delhi Public School (2022)
CBSE Board, 88%

Technical Skills

- Programming Languages: Java, Python, C++, C
- Concepts: Data Structures & Algorithms, Object-Oriented Programming
- Web Technologies: HTML, React.js, Node.js
- Database: MySQL

Academic Projects

AttendAI | AI-Based Smart Attendance System **Mar'26**
- Developed a full-stack attendance system using React.js, Node.js, and Python, enabling automated attendance through webcam-based face recognition.
- Built role-based workflows for student management, live scanning sessions, and automated attendance recording.
- Integrated an attendance analytics dashboard to track student participation and attendance trends.

Secure File Sharing System (Java) – Personal Project **Jan'26**
- Created secure file upload and download using AES encryption and SHA-256 password hashing.
- Designed role-based access control and file ownership tracking using core Java concepts.

Fire Fighting Robot (Arduino-based) – Academic ECE Project **Nov-Dec'25**
- Built an Arduino-based autonomous robot capable of detecting and extinguishing fire using sensors.
- Integrated sensor-based input–output control logic for navigation and fire detection.
- Collaborated in a team to debug hardware and control system behaviour.

Coding Profiles & Achievements

- LeetCode – 42+ problems solved
- Maintained a CGPA of 9.06/10 in Computer Science coursework.
- Active participant in coding contests and technical events.
